AMENDMENT A

Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated January 14, 2003, a response to which is initially due by April 14, 2003, favorable reconsideration of the above-identified application is respectfully requested in view of the following amendments and comments.

IN THE CLAIMS:

Please replace the pending claims with the following claim set. A marked-up version of the claims showing the changes made is attached.

1. A method of determining a biological sample component expression pattern for a biological sample, comprising:

applying a biological sample to an affinity support comprising a ligand coupled to a biological sample-compatible hydrophilic matrix, said ligand comprising a backbone having a plurality of affinity property groups and hydrophilic groups pendent therefrom, and said ligand having an intermediate binding affinity for components of the biological
